NEW! NEW! NEW!

IT'S A WHOLE NEW KIND OF GAME, MATE!

NEW GAME STORY! Just arriving out from down under (Australia), and moving on his own to O-Town, is Rocko, a wallaby (that’s a miniature kangaroo). At Rocko’s side is Spunky, his lovable but not so smart dog.

NEW GAME PLAY! You are Rocko, and your job is to protect Spunky and guide him safely past the dangers of each level to his goal. You won’t lose health if you get hit by enemies. But Spunky will, so be sure to keep an eye on him. If you don’t, both Rocko and Spunky will have to try again.

NEW GAME STRATEGY! Think with your head, not just with your feet. Scan the area ahead and set up a safe path for Spunky to travel, yet stay close enough to him so you can protect him. If Spunky reaches the golden fire hydrants at the end of each level, you win!

Hi! I’m Rocko, and I need your help. I’ve just moved here to O-Town on my own, and I’m trying to figure out just what it takes to survive in this modern life.

Along with me is Spunky, my dog. Poor Spunky... He hasn’t been quite the same since that TV set dropped on his head as a pup. He’ll walk until he runs into something and then turn around and walk the other way. He’ll eat whatever he finds on the ground. And he hardly ever runs away from danger. But that’s okay, because Spunky knows that I’m always trying to keep him out of trouble.

This Survival Guide tells you the important things you need to know to help me keep Spunky safe and sound, because he surely can’t do it himself.

Right Spunky? Spunky? Where are you going...? SPUNKY!!!

P.S. Throughout this Guide, look for puzzles that hold secret clues that can help you win the game.
ROCKO’S SURVIVAL PACK
When Rocko picks up items and doesn’t use them right away, they go into his pack. The number below the window tells you how many of each item you have.

SPUNKY’S HEALTH BONE
This bone is Spunky’s health bar. When Spunky gets hit by enemies or walks through something that harms him, he loses health, and the bone gets smaller.

When Spunky’s health bone runs out, he loses a life. (Check out what happens to Rocko!) If this happens, Rocko and Spunky are sent back to the last red fire hydrant Spunky passed to try again.

SPUNKY’S LIVES
This shows the number of lives Spunky has. If you’re playing in Easy Mode, Spunky has four lives; if you’re playing in Hard Mode, he has three lives. If you enter a level by using a password, Spunky has a full set of lives.
Out here on his own, Rocko’s got to be resourceful in order to survive and protect Spunky. He’s figured out some cool moves. Use your controller to see what Rocko can do.

**Control Pad**

Turns Rocko to walk in the direction you press.

**L Button and R Button**

Scroll forward and backward, respectively, through Rocko’s survival pack items.

B BUTTON AND A BUTTON

CONTROL PAD (DOWN), THEN B BUTTON
Jumps up or down through platforms. The longer you hold the button, the higher Rocko jumps.
**X Button**

Picks up Spunky to get him out of trouble. Or use with Control Pad to turn Spunky around.

**Control Pad (Up), Then X Button**

Drops the object currently displayed in Rocko’s survival pack.

**Y Button**

**Control Pad (Down) + Y Button**

Hits low-lying objects with a low jab.

**B Button and Y Button**

Jumps and punches.
Strategies for Wallaby Wanna-Bee's

As Rocko, you must keep Spunky safe from all the enemies and dangers he faces in each level. Here are some things to remember:

1. Stay close to Spunky so you can keep an eye on him.

2. Scout far enough ahead to see what dangers are coming up.

3. Whenever you can, take care of dangers before Spunky gets to them.

4. Solving puzzles is a big part of this game. Look carefully at the objects on the screen. Experiment with them: punch them, kick them, jump on them, tail-sweep them. Eventually, you’ll figure out a solution to even the toughest problems.
Survival Supplies

Protecting Spunky is a tough job. Luckily there are lots of objects along the way to help Rocko. But be careful: Some might be dangerous, and Spunky will eat almost anything!

**Rocko’s Stuff**

These objects give Rocko special abilities for short periods of time.

- **Lightning**
  Gives Rocko an extra charge of running speed.

- **Spring**
  Makes Rocko jump higher.

- **Rocko’s Shield**
  Protects Rocko against attacks for a short time.
**Spunky’s Stuff**

When Spunky runs into these objects, he’ll eat them. But if Rocko gets to them first, he can save them and give them to Spunky at a time when they’ll be especially helpful.

**Bones**

Crrruunch! While Spunky pauses to take a bite, Rocko can take a quick look at the area.

**Chili Peppers**

Yow! When Spunky chomps on these hot little peppers, he takes off at a fiery pace!

**Schmoot**

Eeyucckk! This green growth does not sit well in Spunky’s stomach. Spunky moves slowly until he feels better.

**Hearts**

Restores Spunky’s full health bone.
1-up

Gives Spunky an extra life.

Balloon

Inflates Spunky like a balloon. Rocko can float him up out of danger or punch him out of harm’s way. Spunky will fall when something touches him or he runs out of air.

Spunky’s Shield

Supplies Spunky with more protection and enables him to take more hits with less injury until he reaches a golden fire hydrant.

Stars

Protects Spunky from attacks for a short time.
You’ll find four dangerous areas Rocko will have to guide Spunky through in O-Town. Each area is made up of four sub-levels. Finish a sub-level by leading Spunky to the golden fire hydrant.

**Level One: Sand in Your Navel**

A favorite watering hole frequented by sand-and-surf-lovers, this beach is located on the edge of O-Town.

Fun in the sun! Rocko and Heffer are playing Frisbee® with Spunky. Unfortunately, Rocko’s last toss lands the Frisbee in a dangerous area of the beach.

This area is full of a variety of shore-loving creatures that get in Rocko’s way. Help guide Spunky to each of the four golden fire hydrants. Find that Frisbee!
LOCAL CONDITIONS (USEFUL OBJECTS)

BEACH CHAIRS
Leap onto beach chairs and other springboard-type objects to launch Spunky onto higher ground.

GEYSERS
Step on one spout as Spunky stands on another to lift him up.

LAND PLUGS
Jump onto heaps of sand or other mounds to plug potentially hazardous holes.

PLATFORMS AND PULEYS
Step on platforms to get to different places. Some platforms go up; others go down. Some platforms work with pulleys so you can move Spunky higher or lower. Still won’t budge? Try jumping.

UMBRELLAS
Punch or kick these striped sunshades when Spunky is under them to flip them over, out of Spunky’s way.
Level Two: Trash-o-Madness

Location: Hill-o-Stench

It’s the treasure of trash, the pack rat’s playground...a regular dump. Today, the truck makes its rounds to gather more rubbish.

Rocko is gathering his garbage for this week’s haul, including his drag-a-rag mop. Little does he know that Spunky’s in love with the mop. Uh oh! Now Spunky’s off to rescue his heartthrob.

Help guide Spunky through the dangers of the junk yard to each of the four golden fire hydrants. Save Spunky’s mop!
LOCAL CONDITIONS (USEFUL OBJECTS)

BLOCKS

Punch, kick, or tail-sweep these small square blocks to clear Spunky’s path.

BUTTONS

Jump on ground buttons to switch off shocking poles. Punch buttons to move portable platforms!

CONTROL BOXES

Punch these power boxes to shut down deadly devices (like trash compactors).

GROUND PLATFORMS

Tail-sweep ground platforms to shift them over dangerous spots.

LEVERS

Levers operate different pieces of machinery. Kick or punch these levers to change the direction of conveyor belts or to stop up steam pipes!

If you're playing in Easy Mode, pause the game and scroll forward to find the golden rune piece. Then work backwards to figure out where Spunky needs to go.
LEVEL THREE: ICE SCREAM

LOCATION: ED BIGHEAD’S HOUSE AND O-TOWN

Summertime... and the sun’s hot as blazes! The fans are blowing, flies are dropping, and you could flip a pancake off a fender. The whole neighborhood’s trying to beat the heat.

Rocko and Spunky are doing their best to keep cool. One BRRRRINNG!!! from the ice cream truck lures Spunky out of the yard and sends Rocko in hot pursuit of his panting pooch.

Splash through pools, tumble out of tree houses, or scramble across clotheslines. Help guide Spunky through the dangers of the backyards to each of the four golden fire hydrants. Track down that ice cream truck!
GAME LEVELS, CONT.

LOCAL CONDITIONS (USEFUL OBJECTS)

RAFTS
Step on these floaters to move to the other side of the water.

SPRINKLERS
Stand on the hose to build enough water pressure to lift Spunky.

SLIDING PIPES
Tail-sweep pipes to shift them over frayed rope.
LEVEL FOUR: UNBALANCED LOAD

LOCATION: SCRUB N’ FLUFF

Here at the local laundromat, sweaters shrink, whites turn pink, and socks fall into Laundryland. Rocko and Spunky are hauling their hampers down to the Scrub n’ Fluff. As Rocko sorts loads of clothes, Spunky’s red rubber tubby toy bounces into the dryer and Spunky crawls in after it.

Laundryland is a whole new world filled with stacks of clothes and vats of soap bubbles. Help Rocko guide Spunky through the dangers of Laundryland to each of the four golden fire hydrants. Rescue Spunky’s tubby toy!

LOCAL CONDITIONS (USEFUL OBJECTS)

CONVEYOR BELTS

Push any available lever to shift the belts into reverse.

FANS

Punch these blowers to turn them off.

HEAT GUNS

Stop the heat with a good punch.
Survival Conditions

Pinpointing Your Location

If you’ve been busy scouting the area and can’t see Spunky, pause the game to take a quick look around to find him. There are two ways to figure out where you are and where Spunky is, depending upon your Playing Mode.

If you’re in EASY Mode:

1. Press the Start Button to pause the game.

2. Use the Control Pad to scroll around and get a good look at your surroundings.

3. When you’ve spotted Spunky and want to continue the game, press the Start Button.

If you’re in HARD Mode:

1. Press the Start Button to pause the game and display the Game Map.

2. On the Game Map, look for the slow blinking dot (Rocko) and the fast blinking dot (Spunky).

3. When you want to continue the game, press the Start Button.
IDENTIFYING LANDMARKS

Every once in a while, you will run across a red fire hydrant. These red fire hydrants mark Spunky’s progress throughout a sub-level. If Spunky loses all of his health before he reaches the next hydrant, both Spunky and Rocko will return to the last red fire hydrant Spunky passed.

A golden fire hydrant marks the end of a completed sub-level. When Spunky reaches the fourth golden fire hydrant of a level, he will daydream about the object he’s been looking for and go to the next level.

If Spunky gets stuck, you don’t have to free him right away. The extra time will give you a chance to explore. After exploring the ghosts you’ll leave Spunky in the ghosts. He’ll lose health for each second he’s in there!
**USING PASSWORDS**

After you complete a level, you’ll get a password. If you start a new game, you may use the password to skip on to the next level.

![Password Screen]

To enter a password:

1. At the Password Screen, several blanks indicate the number of letters in the password. A cursor sparkles over the blank ready to be filled in.

   - To move the cursor forward, use the R Button or make Rocko punch the Right Arrow.
   - To move the cursor backward, use the L Button or make Rocko punch the Left Arrow.

2. Rocko stands over the letter of the alphabet that is currently selected.

3. Use the Control Pad to move through the alphabet until Spunky is standing over the first letter of the password.

4. Make Rocko jump on the letter. The letter will replace the blank.
5. Repeat Steps 1 through 4 for the remaining letters of the password.

6. When you’ve completely spelled the password, make Rocko jump on “END” located at the end of the alphabet line. If the password is correct, you’ll go to the next level.

7. If the password is incorrect or you don’t have a password to enter, just press the Start Button to restart the game.

BACKWARDS TALK!

Hold this book up to the mirror to read clues that are written backwards on pages 6, 18, 20 and 23.
“THANKS, MATE, AND GOOD LUCK!”
